

Thermal Strip Printer

Available in two (2) configurations; AX-012 (panel enclosure mount) and AX-012E (stand-alone cabinet mount) the thermal strip printers are ancillary peripherals for use with the Axis AX Series range of Intelligent Fire Alarm Control Panels

The strip printers can be configured to provide automatic or on-demand printing of Intelligent Fire Alarm Control Panel history event logs and system status events

On networked systems, automatic printing of alarms can be printed from anywhere on the network, unless the panel containing the strip printer is programmed not to show the specific network event.

The strip printers operate silently and fast, with integral battery backup to enable continuous, uninterrupted operation even during AC failures. Each provides 30 character width printing.

Spare rolls of thermal paper can easily be replaced due to the mechanisms easy access front-loading compartment.

AX-012E - Thermal Strip Printer with stand-alone enclosure

AX-012 Mounted to AX-CTL-1

Features

- Thermal Printing
- 3 Year Warranty
- Silent Operation
- Fast Instant Response
- Integral Battery Backup

Automatic Printing for:

- Alarms
- Troubles
- Off Normal Events

On Demand Option For Printing:

- Input Status and Configuration
- Output Status and Configuration
- Disablements
- History Event Logs
- Network Troubles
- System Testing

Listings and Approvals

- ETL ANSI/UL 864 Listed: 101564744NYM-001
- CSFM Approved: 7165-1713:0101
- NYC FD COA #6105

Specification

Printer Type	Thermal, Graphical
Print Resolution	384 Dots Per Line
Operating Voltage	5 VDC
Operating Current	
Quiescent	20 mA
Continuous Printing	25 mA
Operating Temperature	60 °F - 86 °F (15 °C - 27 °C)

Order Codes and Options

AX-012	Thermal Strip Printer single aperture mount, Axis AX Series Panels
AX-012E	Thermal Strip Printer with stand-alone enclosure
AXS-008	Spare Thermal Printer Rolls (10 rolls)
