

Conventional Wall Sounder Visual Alarm Device

The Axis conventional wall sounder visual alarm device (VAD) can be used as either a standalone conventional device or as a loop powered addressable unit with the addition of an intelligent addressable wall sounder module (Axis-WSM). All devices are weatherproof to IP65.

The unit is equipped with 4 levels of volume adjustment, a high output LED beacon and 32 recognised tones which can be set via the dip switch at the sounder.

Features

- Flexible modular design
- Approved for outdoor use to EN54-3 (Type B) and EN54-23
- 32 tone settings
- Two stage alarm capability
- Weatherproof to IP65
- Easy to install
- High sound output capability
- Silent sounders setting for beacon-only use
- 4 adjustable volume settings
