Axis EN

Perspex (Lexan) Door

The Axis EN 507 and 508 are dedicated perspex doors to help protect the fire panel controls from any unauthorised access.

The lexan/perspex doors are available for medium and large enclosures and restrict panel access to key holders.

Applications / Limitations

Single loop controls panels will need to be housed in medium enclosures to accommodate lexan doors. This item is provided retro-fit only.

Features

- Protection against unauthorised access
- Ideal solutions for public areas
- Vandal proof
- Independent keylock
- Bespoke robust design
