Axis EN Panel Enclosures, Doors and Back Boxes

Advanced metal fabrication provides Industrial electronic enclosures housing all our intelligent fire alarm and indicating equipment.

The Axis EN control equipment can be supplied in various sized enclosures to accommodate the internal hardware and battery requirements of the control equipment.

There are three standard variations to choose from that can be provided in various depths to meet the customers requirements.

The options available can be found on this page and dimensions documented to assist the installer.

Applications

Ideal for any application where enclosures are required for first fix installations or matching enclosures required for housing third party equipment.

Features

- Colour matched to the Axis EN range
- Ideal for first fix
