

## Battery / Utility enclosures

The MxPro 5 range of control equipment can be supplied in various sized enclosures to accommodate the internal hardware and battery requirements of the control equipment.

There are three standard variations to choose from, which can be provided in various depths to meet the customers requirements.

The options available are found on this page and dimensions documented to assist the installer.

### Features

- The back-box features include:
- Designed for IP30 protection
- AC terminal block and leads
- Internal labelling
- Hinge pins
