Axis EN

Weatherproof Callpoint Housing

The Axis EN Weatherproof Call Point Housing is a tough protective cover that can be installed with all of the wireless or wired call points from the Axis EN product range.

The hinged polycarbonate housing upgrades any Axis EN call point to a weather-proof rated device, and has been designed and engineered to provide outstanding protection from environmental conditions, vandalism, accidental damage or misuse.

This tough yet aesthetically pleasing cover can be used in a wide variety of applications including off-shore projects, the food and beverage industry, swimming pools and leisure centres, and underground installations. It is also suitable for retrofits and is available with an optional battery powered 90dB tamper alarm.

Features

- Easy and fast installation
- Optional 90 dB tamper alarm
- Breakseal to increase visible deterrent from misuse
- Spacers for surface and flush installations
- Reduces unwanted alarms
- Provides environmental and mechanical protection
- Simple retro-fit to existing installations
- Suitable for all Axis EN call points
- Weatherproof to IP65
